## **Annual Report 2020**

(The report was automatic translated from the Greek original)

Dear Kalamiotes and Friends of Kalamos, it is with great pleasure that we share with you a review of the Association's work for 2020. A year later, with a number of difficulties, the summer season was not full of activities, surprises and pleasant gatherings. Our actions were limited, not to mention that they did not exist.

The activities and gatherings for the past year began with the cutting of the Association's pie. In a very nice place, where once again, we met for a beautiful start to the new year. Your response every year is very great, and this gives us joy and courage to continue the work and planning of each summer season.

And this year we continued the effort to improve the image of the settlement with cleanings, interventions and small projects. At the beginning of the summer within a few days we cleaned the following tasks were done:

- Oil painting and lighting maintenance of Kalamos Beach
- Cleaning of grasses and soils of the stream in the great Lefka and parallel creation of some parking spaces (in the shade)
- Cleaning of grasses of the beach and the main road of Samos
- Cleaning and removal of bazaars and cements from the beach of Kalogria
- Cleaning from grasses of the streets of Kalogria
- Cleaning from street greens to Aktaion and at the same time creating some parking spaces
- Removal of the soils from the road to Kalogria
- Cleaning and configuration of the parking space granted by the house. Nebi
- Marking on the road surface for speed and towards parking spaces

The association's expenses for the above maintenance were: €750. The Municipality of N. Pelion, which we thank very much, contributed to the above with materials and consumables for the painting and with the offer of a machine for part of the cleanings in Kalogria.

The club's finances present a positive picture. The cutting of the pie and the elections have particularly helped this image. Sales of items, even a few, closed the club's obligations to third parties.

- The annual budget from previous years remains at €1200 and includes:
- 'infrastructure projects', i.e. 'infrastructure projects', i.e. 'infrastructure construction of signs, garbage areas,
- costs for cleaning and maintenance, i.e. beach cleanings, roads, signaling materials
- expenses for the organization of the Association's events, cutting of pie, rights to films shown, purchases of drinks and snacks,
- expenses for the operation and promotion of The Cane and the events of the Association, i.e. photocopies and prints, subscription to the Association's website, etc.
